Notice To Exhibitors

1. Telegraph, Telephone, Conditional and Unsigned entries cannot be accepted. Entries not on Official AKC Entry Forms or photocopies of Entry Forms without Agreement and Rules on the reverse side of entry form are NOT ACCEPTABLE. Entries without fees are not acceptable. Fees must accompany entries.
2. Post dated checks and returned checks do not constitute a valid entry fee. The Club will add a collection fee of \$25.00 to the amount of each returned check. Subsequent returned checks from the same exhibitor(s) may result in their being put on a CASH ONLY basis.
3. **PLEASE TYPEWRITE or NEATLY PRINT** all entries. Use black or blue ink. Do not use pencil.
4. CHANGES, ADDITIONS OR CORRECTIONS to entry forms must be received IN WRITING prior to close of entries. Changes are not acceptable by telephone. E-mail or faxed changes are allowed.
5. **ERRORS ON ENTRY FORMS** — Owners alone are responsible for the correctness of entries, or for entering the same dog twice, or for entering a dog in a class in which the dog is ineligible to compete, regardless of who makes such errors. No entry fee will be refunded in the event of such errors or cancellation of entries after the published closing date and time. Due to cost of processing, no refunds less than \$4.00 will be made.
6. **FIRST ENTRY OF EACH DOG** includes an AKC Recording Fee of \$.50. In addition, each entry of a dog in single-entry recording classes includes \$3.00 AKC Event Service Fee. These fees are required for each dog entered at any Licensed or Member Club Show, Obedience Trial or Tracking Test and are collected by the show-giving Club and paid to the American Kennel Club. If a dog is entered in more than one class in the show, these fees are collected on the first entry only. (American Kennel Club Rule, Chapter 11, Section 2). Each Rally entry fee includes \$3.00 AKC Rally fee.
7. **ENTRY FEES WILL NOT BE REFUNDED** in event a dog is absent, disqualified, excused by the Veterinarian or Judge, or barred from competition by action of the Event's Show Committee. If, because of riots, wars, civil disturbances, fire, Act of God, strikes, national emergencies, health emergencies, extreme weather conditions (including but not limited to extreme heat, floods, hurricanes, lightning, or earthquakes), or other acts beyond the control of the management, it is impossible to open or complete the show, no refund of entry fees will be made. The well-being of dogs, exhibitors, and spectators is of paramount importance and, in the event it is necessary to cancel or stop the show before completion, no refund of entry fees will be made.
8. **ACKNOWLEDGEMENT OF ENTRY AND SCHEDULE OF JUDGING TIME** will be sent to the address on the Official AKC Entry Form after the closing date, as soon as practicable. If an exhibitor has not received a copy of the Schedule within seven days of the show, please notify the Show Secretary.
9. **DECLINATION OF ENTRIES:** The Club may decline any entry for cause, and may refuse to receive, or may remove any dog on account of disease, viciousness or other causes, and no one shall have any claim or recourse against the Club or any official thereof.
10. **PLEASE NOTE:** Dogs which according to their owners' records have completed the requirements for a championship after the closing of entries for the show but whose championships are unconfirmed, may be transferred from one of the regular classes to Best of Breed or Variety competition, provided this transfer is made by the Superintendent or Show Secretary one half hour prior to the start of any regular conformation judging at the show. (American Kennel Club Rule, Chapter 11, Sec 6)
11. **DOGS MAY ARRIVE** any time prior to their scheduled time of judging. Dogs not required for further judging will be excused.
12. **DOGS MUST BE READY FOR JUDGING.** The Club and/or its Show Secretary will not be responsible for, and are not obligated to furnish any service for notifying exhibitors or their agents of breed or class judging. Owners or their agents alone are responsible for the presence of their dogs in the judging ring. Judges will not wait for any dog holding up a class.
13. **NO DOGS WILL BE ALLOWED IN THE SHOW AREA** except those regularly entered in the show. There will be NO SPACE for unentered dogs at this show. All dogs shall be kept on leash or confined, except when being judged or in the exercising ring.
14. **ALL AWARDS WILL BE MADE** in the judging ring to the person exhibiting the dog and that person shall be considered the owner or the agent. All claims for trophies must be made in the judging ring before the completion of judging, and the Show Secretary should be advised at once of any discrepancy. The show-giving club and its officials disclaim any liability for any awards not claimed on the day of the show.
15. The Club will take every precaution for the safety of dogs exhibited, but it is understood that the Great Dane Club of Northern California, Inc. will not be responsible for loss. The welfare of the exhibitor's child is assumed to be the responsibility of the exhibitor. Please secure proper crates or means to confine dogs for the welfare of all concerned.
16. No gasoline or diesel generators are permitted inside any building or within 100 feet of any tent in which this dog show is conducted.
17. As specified in Chapter 12, Section 4 of the AKC Rules Applying to Dog Shows, information contained on the entry form is required to be published in the club's show catalog. This information is also subject to publication in other media.

Great Dane Breed Standard

- Working Group -

General Appearance

The Great Dane combines, in its regal appearance, dignity, strength and elegance with great size and a powerful, well-formed, smoothly muscled body. It is one of the giant working breeds, but is unique in that its general conformation must be so well balanced that it never appears clumsy, and shall move with a long reach and powerful drive. It is always a unit-the Apollo of dogs. A Great Dane must be spirited, courageous, never timid; always friendly and dependable. This physical and mental combination is the characteristic which gives the Great Dane the majesty possessed by no other breed. It is particularly true of this breed that there is an impression of great masculinity in dogs, as compared to an impression of femininity in bitches. Lack of true Dane breed type, as defined in this standard, is a serious fault

Size, Proportion, Substance

The male should appear more massive throughout than the bitch, with larger frame and heavier bone. In the ratio between length and height, the Great Dane should be square. In bitches, a somewhat longer body is permissible, providing she is well proportioned to her height. Coarseness or lack of substance are equally undesirable. The male shall not be less than 30 inches at the shoulders, but it is preferable that he be 32 inches or more, providing he is well proportioned to his height. The female shall not be less than 28 inches at the shoulders, but it is preferable that she be 30 inches or more, providing she is well proportioned to her height. Danes under minimum height must be disqualified.

Head

The head shall be rectangular, long, distinguished, expressive, finely chiseled, especially below the eyes. Seen from the side, the Dane's forehead must be sharply set off from the bridge of the nose, (a strongly pronounced stop). The plane of the skull and the plane of the muzzle must be straight and parallel to one another. The skull plane under and to the inner point of the eye must slope without any bony protuberance in a smooth line to a full square jaw with a deep muzzle (fluttering lips are undesirable). The masculinity of the male is very pronounced in structural appearance of the head. The bitch's head is more delicately formed. Seen from the top, the skull should have parallel sides and the bridge of the nose should be as broad as possible. The cheek muscles should not be prominent. The length from the tip of the nose to the center of the stop should be equal to the length from the center of the stop to the rear of the slightly developed occiput. The head should be angular from all sides and should have flat planes with dimensions in proportion to the size of the Dane. Whiskers may be trimmed or left natural. **Eyes** shall be medium size, deep set, and dark, with a lively intelligent expression. The eyelids are almond-shaped and relatively tight, with well developed brows. Haws and mongolian eyes are serious faults. In harlequins, the eyes should be dark; light colored eyes, eyes of different colors and walleyes are permitted but not desirable. **Ears** shall be high set, medium in size and of moderate thickness, folded forward close to the cheek. The top line of the folded ear should be level with the skull. If cropped, the ear length is in proportion to the size of the head and the ears are carried uniformly erect.

Nose shall be black, except in the blue Dane, where it is a dark blue-black. A black spotted nose is permitted on the harlequin; a pink colored nose is not desirable. A split nose is a disqualification.

Teeth shall be strong, well developed, clean and with full dentition. The incisors of the lower jaw touch very lightly the bottoms of the inner surface of the upper incisors (scissors bite). An undershot jaw is a very serious fault. Overshot or wry bites are serious faults. Even bites, misaligned or crowded incisors are minor faults.

Great Dane Breed Standard continued

Neck, Topline, Body

The neck shall be firm, high set, well arched, long and muscular. From the nape, it should gradually broaden and flow smoothly into the withers. The neck underline should be clean. Withers shall slope smoothly into a short level back with a broad loin. The chest shall be broad, deep and well muscled. The forechest should be well developed without a pronounced sternum. The brisket extends to the elbow, with well sprung ribs. The body underline should be tightly muscled with a well-defined tuck-up.

The croup should be broad and very slightly sloping. The tail should be set high and smoothly into the croup, but not quite level with the back, a continuation of the spine. The tail should be broad at the base, tapering uniformly down to the hock joint. At rest, the tail should fall straight. When excited or running, it may curve slightly, but never above the level of the back. A ring or hooked tail is a serious fault. A docked tail is a disqualification.

Forequarters

The forequarters, viewed from the side, shall be strong and muscular. The shoulder blade must be strong and sloping, forming, as near as possible, a right angle in its articulation with the upper arm. A line from the upper tip of the shoulder to the back of the elbow joint should be perpendicular. The ligaments and muscles holding the shoulder blade to the rib cage must be well developed, firm and securely attached to prevent loose shoulders. The shoulder blade and the upper arm should be the same length. The elbow should be one-half the distance from the withers to the ground. The strong pasterns should slope slightly. The feet should be round and compact with well-arched toes, neither toeing in, toeing out, nor rolling to the inside or outside. The nails should be short, strong and as dark as possible, except that they may be lighter in harlequins. Dewclaws may or may not be removed.

Hindquarters

The hindquarters shall be strong, broad, muscular and well angulated, with well let down hocks. Seen from the rear, the hock joints appear to be perfectly straight, turned neither toward the inside nor toward the outside. The rear feet should be round and compact, with well-arched toes, neither toeing in nor out. The nails should be short, strong and as dark as possible, except they may be lighter in harlequins. Wolf claws are a serious fault.

Coat

The coat shall be short, thick and clean with a smooth glossy appearance.

Color, Markings and Patterns

Brindle--The base color shall be yellow gold and always brindled with strong black cross stripes in a chevron pattern. A black mask is preferred. Black should appear on the eye rims and eyebrows, and may appear on the ears and tail tip. The more intensive the base color and the more distinct and even the brindling, the more preferred will be the color. Too much or too little brindling are equally undesirable. White markings at the chest and toes, black-fronted, dirty colored brindles are not desirable.

Fawn--The color shall be yellow gold with a black mask. Black should appear on the eye rims and eyebrows, and may appear on the ears and tail tip. The deep yellow gold must always be given the preference. White markings at the chest and toes, black-fronted dirty colored fawns are not desirable.

Blue--The color shall be a pure steel blue. White markings at the chest and toes are not desirable.

Black--The color shall be a glossy black. White markings at the chest and toes are not desirable.

Harlequin--Base color shall be pure white with black torn patches irregularly and well distributed over the entire body; a pure white neck is preferred. The black patches should never be large enough to give the appearance of a blanket, nor so small as to give a stippled or dappled effect. Eligible, but less desirable, are a few small gray patches, or a white base with single black hairs showing through, which tend to give a salt and pepper or dirty effect.

Mantle--The color shall be black and white with a solid black blanket extending over the body; black skull with white muzzle; white blaze is optional; whole white collar is preferred; a white chest; white on part or whole of forelegs and hind legs; white tipped black tail. A small white marking in the blanket is acceptable, as is a break in the white collar.

Any variance in color or markings as described above shall be faulted to the extent of the deviation. Any Great Dane which does not fall within the above color classifications must be disqualified.

Gait
The gait denotes strength and power with long, easy strides resulting in no tossing, rolling or bouncing of the topline or body. The backline shall appear level and parallel to the ground. The long reach should strike the ground below the nose while the head is carried forward. The powerful rear drive should be balanced to the reach. As speed increases, there is a natural tendency for the legs to converge toward the centerline of balance beneath the body. There should be no twisting in or out at the elbow or hock joints.

Temperament
The Great Dane must be spirited, courageous, always friendly and dependable, and never timid or aggressive.

Disqualifications
Danes under minimum height.
Split nose. Docked Tail.
Any color other than those described under "Color, Markings and Patterns."

Approved March 8, 1999
Effective April 28, 1999

Schedule of Championship Points

The Points towards a Championship shall be awarded to the Winners Dog and Bitch, based on the actual number of dogs or bitches competing in that breed or variety. Only dogs entered and judged in the Regular Classes will be counted as being present for the purpose of Championship rating.

Any dog which shall have won fifteen points shall become a Champion of Record, if six or more points shall have been won at two shows with a rating of 3 or more Championship Points each and under two different judges, and some one or more of the balance of the points shall have been won under some other judge or judges than the two judges referred to above.
